User Stories (Agile)

1. As a VP Growth, I want to monitor Cost, Revenue and P&L by Month and Ad Group so I can reallocate spend.

Acceptance Criteria:

- Cost/Revenue/P&L totals match monthly aggregates.
- Device filter updates all KPIs and charts.

2. As Marketing Ops, I want CTR, CPC, and Conv Rate to be consistent so I can trust performance comparisons.

Acceptance Criteria:

- CTR is Clicks/Impressions.
- Conv Rate is Conversions/Clicks.
